Press Release

Artist: Vikki Jackson

Show: In the Water and the Air

Location: La Vi En Rose Bakery, 111 West Holly Street Bellingham, WA 98225

Show Dates: February 15- March 31, 2010

This show is all new work depicting images of local critters with a twist. The work is presented in a stylized manner to express the motion, temperature and emotion within the subject. Ms. Jackson presents a clean almost graphic feel to each piece that allows the pattern and design in an image dance. Ms. Jackson has been a biologist for most of her professional life and uses her experiences from the field as a source of inspiration. These images were inspired by recent adventures and experiences with local wildlife. Twenty percent of the proceeds from any sale go to the **Northwest Wildlife Rehabilitation Center**.
